Tenggol Island Beach Resort

Pulau Tenggol is one of the most beautiful islands in east cost of Malaysia; known for its perfect waters warmed by South China Sea. The small and compact island of Pulau Tenggol is a forgotten gem set in the clear blue waters of the South China Sea - an emerald of deep, green forested interior flanked by white powder beaches and beautiful reefs.

This natural island with beaches saturated with pristine warm water is a divers' and snorkels' paradise. At Pulau Tenggol, divers and Snorkellers alike can find pristine coral formations and a number of submerged rocks with excellent coral growths. Tenggol and its surrounding islands offer good visibility with teeming of marine life, including sharks, rays, nudibranch and a wide variety of hard and soft corals. Pulau Tenggol temperatures rage from breezy 32°C in the day to cool 25°C at night.

Accommodations

The wooden classic chalets of Tenggol Island Beach Resort blends harmoniously with the environment where it nestles comfortably among the lush greens fringing the beach.
